4 November 1958

*Report of*  
MEMORANDUM TO: Director of Operations, DPS/DCI

SUBJECT : Pilots' Post Flight Report Summary

1. The directive requiring interrogation of U-2 pilots immediately following each and every flight was established at the onset of the Project. Interrogations are conducted by the assigned Flight Surgeon and/or Aviation Physiologist adept in extracting the tangibles of personal equipment, physiological and psychological significants for improved equipment development as well as continued progress in flight safety.

*(which was prepared by [redacted])*

2. The attached summary encompasses all flights conducted in CHALICE U-2's with the exception of approximately 70 flights. Those 70 flight reports were submitted for destruction at some time during the summer of 1957. Nevertheless, the significant information which is routinely available in reports other than pilot reports is included in the attached summary.

3. ~~Compilation of information was accomplished by pilot [redacted]~~

[redacted]  
Captain, USAF  
Aviation Physiologist
